The Executive Building.

Gardener Greene has drawn plans for improving the general appearance of the government building. The plan includes filling in the angles at either side of each entrance with grass, with stone curbing running from the steps to each corner of the building. This will materially add to the appearance of the building and is expected to make it cooler. Part of the stone is already on the ground. A stone pavement twelve feet wide is to be laid in front of the main entrance where the hack wheels are continually cutting up the macadam.

A Long Trial.

The trial of Jim Kupihea by a native jury for robbery is consuming the third day. There are many witnesses and the evidence is largely circumstantial. Jim was a policeman and is accused by a Chinaman, whose place at Palama he raided for opium, of robbing him of money while arresting him.

"The Little Magnet" tomorrow evening.

Tomorrow is the closing day of the great credit auction sale of H. Hackfeld & Co.

Dr. McLennan and family are expected home this month.

Native Hawaiians still attest their loyalty to the ex-queen by keeping her supplied with leis and choice flowers.

The question has been asked, How many of the Labor Commissioners will be willing to be reappointed and serve without pay?

In Mr. Sturdevant's guessing contest, as to the number of New Process stoves sold from June 27 to this date, the Catholic Mission at Wailuku and George H. McLean tied in a close guess. They guessed 68 and the number was 69. According to the terms, the tie is to be decided by a guess of the number of stoves sold in the ensuing week.

Skin
Food

removes wrinkles and all traces of age. I feeds through the pores and builds up the fatty membranes and wasted tissues, nourishes the shrivelled and shrunken skin, tones and invigorates the nerves and muscles, enriches the impoverished blood-vessels, and supplies youth and elasticity to the action of the skin. It's perfect.

FITS CURED
(From U. S. Journal of Medicine.)

Prof. W. H. Peeke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P. O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PEEKE, F. D., 4 Cedar St., New York.

"A BUILDING BURNED RECENTLY in Milwaukee, without insurance, because a clerk FORGOT to renew certain policies promptly as instructed.

"He was discharged.
"A few days later, the owner died without insurance on his life, leaving a widow and three young children in poverty, because he had NEGLECTED to insure. As procrastination is more culpable than forgetfulness perhaps the owner is having his punishment NOW.

"MORAL: Consultation and office treatment free. Special attention given to procrastinators."

TO OWNERS OF BUILDINGS!

The undersigned having purchased the exclusive right, title and interest for the Manufacture and use of the **PEERLESS PRESERVING PAINT** in and for the Hawaiian Islands, desire to call the attention of owners of Buildings to the superiority of this Paint for the purpose of Preserving Shingles, Metals, Iron, Steel, Bridges, Posts, etc., against rust, corrosion, decay and leakage. One generous coat of the Peerless Preserving Paint has been found equal if not superior to three coats of any other Paint, and we guarantee it will not scale, crack, or run, it being possessed of a body when applied in which there is no OIL, SPIRITS OR EVAPORATIVE SUBSTANCE. In using this Paint upon a shingle roof its FIRE-PROOF qualities are one of the chief advantages, as it renders the roof impervious to sparks which may fall upon it in the driest season without the slightest injurious effects. The main features which the **PEERLESS PRESERVING PAINT** offers for its use upon roofs are its thorough resistance to any action of heat or cold, and its wonderful PRESERVING qualities which fully prevent any action from either RUST OR DECAY.

We are prepared to execute and carry out special contracts for the application of the **PEERLESS PRESERVING PAINT** on any of the Islands. All contracts undertaken by us will be fully GUARANTEED. Our prices for this class of work are extremely moderate, and roofs to which Paint is applied by us are guaranteed against leaks, cracks, scales or runs for a period of years, estimated upon the age of the roof when the work is performed. Examinations made and estimates given in all work free of charge, and references given by application at our office.
